```
         ( Start )
            ↓
   / Input the price of
     each item /
            ↓
  / Calculate the subtotal by adding
    each item's price together /
            ↓
  / Calculate the amount of sales tax by
    taking the subtotal and multiplying by
    the sales tax (7%) /
            ↓
  / Calculate the final total by taking the
    Sales tax amount and the subtotal
    and adding them together /
            ↓
  | $Display the subtotal |
            ↓
  / Display the sales tax amount /
            ↓
  | Display the final total |
            ↓
        ( End )
